High in the Tuscan hills above Florence, an elaborate medieval castle, converted to a POW camp on Mussolini's personal orders, holds one of the most illustrious groups of prisoners in the history of warfare. The dozen or so British and Commonwealth senior officers includes three knights of the realm and two VCs. The youngest of them is 48, the oldest 63. One is missing a hand and an eye. Another suffers with a gammy hip. Against insuperable odds, these extraordinary middle-aged POWs plan a series of daring escape attempts, culminating in a complex tunnel deep beneath the castle. One rainswept night in March 1943, six men will burst from the earth beyond the castle's curtain wall and slip away. By assorted means, the three Brits, two New Zealanders and a half-Belgian aristocrat will attempt to make it to neutral Switzerland, over 200 miles away. This "fast-paced account" of WWI airmen who escaped Germany's most notorious POW camp is "expertly narrated" by the New York Times bestselling author (Kirkus, starred review). During World War I, Allied soldiers might avoid death only to find themselves in the abominable conditions of Germany's many prison camps. The most infamous was Holzminden, a land-locked Alcatraz that housed the most escape-prone

officers. Its commandant was a boorish tyrant named Karl Niemeyer, who swore that none should ever leave. Desperate to break out of "Hellminder", a group of Allied prisoners hatch an audacious escape plan that requires a risky feat of engineering as well as a bevy of disguises, forged documents, and fake walls—not to mention steely resolve and total secrecy. Once beyond the watchtowers and round-the-clock patrols, they are then faced with a 150-mile dash through enemy-occupied territory toward free Holland. Drawing on never-before-seen memoirs and letters, historian Neal Bascomb "has unearthed a remarkable piece of hidden history, and told it perfectly. The story brims with adventure, suspense, daring, and heroism" (David Grann, New York Times bestselling author of Killers of the Flower Moon). Caught in the crossfire of Nazi oppression, two people triumph in this story of courage, luck and passion during one of the darkest moments of the 20th Century. After surviving a perilous escape from Auschwitz's infamous death camps, William Herskovic miraculously made his way across Nazi-occupied Europe. Becoming one of the first recorded eyewitnesses of Hitler's atrocities, he alerted the underground, and was eventually credited with the rescue of hundreds, perhaps thousands, bound for the gas chambers. Mireille, still merely a teenager, managed to hide her parents in attics and rural homes, risking her life daily to venture out for the food to keep them alive. The Herskovic family survived the perils of the Holocaust with their souls and spirits soaring. Patricia Herskovic was born in Belgium and immigrated to the United States as a child. She received her degree in political science from UCLA. Currently a motion picture producer, she lives in Los Angeles with her husband and son. Distributed for Yad Vashem Publications, Jerusalem

We never know how events affect our lives. In *Sea Birds*, events that seem to be totally unrelated gradually draw several lives together in the tropical paradise of the U.S. Virgin Islands. *Sea Birds* describes in a series of stories how the personal relationships of the people involved develop. Even in paradise, there is crime, greed, love, hate, and passion leading to an ultimate new beginning. Anjanette was abandoned as a child of mixed heritage. She now, as an adult, operates the Arawak Eco-Camp with the goal of preserving the Caribbean land where it is located and providing educational opportunities for those interested in learning about the Virgin Islands land and the sea around them. Unfortunately, her land is a magnet for people more interested in exploiting the islands than in preserving them. *Sea Birds* describes the struggles of Anjanette and her friends to save the Eco-Camp from development as a resort hotel and casino. During this time, she learns much about her family, her husband, and her friends, culminating with an unexpected ending. Comments from readers: I completed the book with tears of happiness streaming down my face. A frequent visitor to the Virgin Islands. I could vividly paint the characters as I went along. A serious book collector. "An eleven-year-old girl and boy live in an isolated village with 258 other citizens. Nobody has a name, and everything is calculated to break their spirits so that they surrender to an existence of gray routine. "But they have each other. They each have a passion: music and art. And a mysterious force is guiding them and protecting them. "When the savagery of those in control finally transforms the girl, the boy must help her find herself again. The path is an amazing journey through which they discover the depths of their humanity and a startling method to shake the village at its roots. Perhaps they can shift the world toward happiness. "Escape from the Village is an homage to true friendship which can sustain the human spirit even against physical and spiritual torture. It is a touching love story like no other." --Wendy McElroy

She draws the pictures. He makes the music. They both share a big secret. There is no music or art in the village where a pre-adolescent boy and girl. They go to a mysterious house where they make music and art, while other citizens can not go there. Their creativity separates them from their peers in many ways. They will soon discover that there is much more being kept from them. Take the grim dystopia of the Hunger Games and combine it with the charm of Moonrise Kingdom--the result is *Escape from the Village*. Acclaim for Leo Melamed *Escape to the Futures* "A well-written, fascinating memoir of a remarkable man of many parts, who arrived in the United States at age 9, fleeing the Holocaust. Almost single-handedly, he transformed a minor commodity exchange into the leading futures market in the world. His influence was and remains worldwide." —Milton Friedman Senior Research Fellow Hoover Institution, Stanford University "There are only a few people who have revolutionized big portions of the business world. Warren Buffett did it in investing, Bill Gates in software. Leo Melamed, author of this book, is in that same league. He truly revolutionized futures trading in the United States, and in the world. This book tells how." —Ambassador Clayton Yeutter Past President of the Chicago Mercantile Exchange Former U.S. Trade Representative "A grizzled old Merc trader once assured me that nobody ever lost by being long on Leo. Why that's so, this endlessly fascinating personal history makes clear. It shows how an immigrant boy, after surviving unimaginable horrors, drew on the 'elan, combativeness, and sophisticated conviction' learned from his equally remarkable father to build the CME and to lay the foundations of the modern, Chicago-based, financial services industry." —Merton H. Miller 1990 Nobel Laureate Emeritus Professor University of Chicago Graduate School of Business "Leo tells it all. To say there would not have been a financial futures industry without Leo is probably only a slight exaggeration!!!" —John Damgard President Futures Industry Association "Escape to the Futures tells the remarkable story of a young boy's escape from the Nazis and the impact of his life on the financial markets of the world. It also serves as yet another poignant reminder of the immeasurable losses —in the arts, sciences, professions, and everyday life—humanity suffered because of the Holocaust." —Benjamin Meed President American Gathering of Jewish Holocaust Survivors

He is one of the most powerful figures in the world of finance—a visionary who pioneered the modern futures industry and launched the International Monetary Market (IMM). Yet, Leo Melamed was not born to wealth and influence. His is an extraordinary rags-to-riches tale of intelligence, drive, savvy, timing, and the overpowering force of a uniquely charismatic personality. Now the inside story of the remarkable life and career of Leo Melamed is revealed in this long-awaited autobiography. A Holocaust survivor, Leo Melamed had barely begun the first grade in 1939 when he and his parents fled their native Poland one step ahead of the oncoming Nazi juggernaut. Crossing Siberia en route to a brief stay in Japan—just months before Pearl Harbor—the family arrived in the United States to begin life anew. They settled in Chicago, where young Leo became a product of the inner city and embraced his new country and its culture. Seeking part-time employment while attending law school, Leo Melamed answered a classified ad that would change his life. Hired by what he presumed was a law firm named Merrill, Lynch, Pierce, Fenner & Bean, he found himself on the floor of the Chicago Mercantile Exchange. "I was Alice stepping through the Looking Glass into a world of not just one Mad Hatter, but hundreds. The shouting among the traders, the movement of their bodies and hands, captivated me like nothing before . . . there was a life force on that floor that was magical and exciting, and though I didn't understand what was going on, I wanted to be a part of it." Leo Melamed became much more than just a part of it. From modest beginnings as a pork belly trader, he led the Chicago Merc for the next quarter of a century, introducing finance to an industry that was the exclusive domain of agriculture. As his reputation as a financial genius grew, so did the tales of his larger-than-life personality. In *Leo Melamed: Escape to the Futures*, you'll meet the man behind the legend. Written with the assistance of award-winning journalist Bob Tamarkin, this enthralling memoir

deftly weaves intimate personal details with behind-the-scenes accounts of some of the most momentous financial events of our century—including Leo's role as advisor to the White House after the Hillary Rodham Clinton cattle futures trading episode. You'll read fascinating accounts of his dealings with political powerhouses like Bob Dole, Tip O'Neill, Dan Rostenkowski, and others. Offering penetrating insights into the workings of a multibillion dollar industry, this is a story that has as much to say about human nature as it does about the nature of today's markets. Hailed as both hero and tyrant, Leo Melamed is undeniably one of the most colorful and intriguing personalities of our time. This intimate, revealing personal account is not to be missed.

The true story of one of the most heroic feats of World War II...the daring prison camp breakout that inspired the classic film *The Great Escape* Stalag Luft III was one of the Germans' "escape-proof" prison camps, specially built by Hermann Göring to hold Allied troops. But on March 24, 1944, in a courageous attempt by two hundred prisoners to break out through a series of tunnels, seventy-six Allied officers managed to evade capture -- and create havoc behind enemy lines in the months before the Normandy Invasion. This is the incredible story of these brave men who broke free from the supposedly impenetrable barbed wire and watchtowers of Stalag Luft III -- and who played an important role in Allied intelligence operations within occupied Europe. The prisoners developed an intricate espionage network, relaying details of military deployment, bombings, and raids. Some of them were involved in other daring escape attempts, including the famous Wooden Horse episode, also turned into a classic film, and the little-known Sachsenhausen breakout, engineered by five Great Escapers sent to die in the notorious concentration camp on Hitler's personal orders. Tragically, fifty of those involved in the Great Escape were murdered by the Gestapo. Others were recaptured; only a few made it all the way to freedom. This dramatic account of personal heroism is a testament to their ingenuity and achievement -- a stirring tribute to the men who never gave up fighting. Includes eight pages of photographs and illustrations, excerpts from Göring's testimony during postwar investigations, and a list of the men who escaped. One of the greatest Pacific war stories never told. On April 4, 1943, ten American prisoners of war and two Filipino convicts—nicknamed the “Davao Dozen”—executed a daring escape from one of Japan's most notorious prison camps. Called the "greatest story of the war in the Pacific" by the War Department in 1944, the full account has never been told—until now. A product of years of in-depth research, John D. Lukacs's gripping description of the escape brings this remarkable tale to life. In this remarkable contribution to the realm of WWII POW narrative, Lukacs describes the dramatic escape for a new generation to admire the resourcefulness and patriotism of the men who fought in the Pacific. “Like the event it covers, Escape from Davao is unique. You are holding in your hands the story of the only successful American group escape from a Japanese camp.”—James Bradley, author of *Flags of Our Fathers* A self-help book offering ten secrets to loving your life and living your dreams, helping you make that great escape from where you are to where you would love to be. The author reveals a process and a path to follow for you to maximize your potential for happiness in this short life.
