Berlitz Pocket Guide Las Vegas (Travel Guide eBook) Jul 08 2021 Berlitz Pocket Guide Las Vegas is a concise, full-colour travel guide that combines lively text with vivid photography

to highlight the very best that this spectacular city has to offer. The Where to Go chapter details all the key sights, including The Fremont Street Experience, the CityCenter and the Big Shot and the mega resorts on The Strip. There are also excursions to the Hoover Dam and Grand Canyon National Park. Handy maps on the cover help you get around Las Vegas with ease. To inspire you, the book offers a rundown of the Top 10 Attractions in the city, followed by an itinerary for a Perfect Day in Las Vegas. The What to Do chapter gives you the lowdown on the most popular games, the best entertainment shows, and the city's nightlife, sports and other activities. You'll also be armed with background information, including a brief history of the city and an Eating Out chapter covering the city's best cuisine. There are carefully chosen listings for the best hotels and restaurants in Las Vegas, and an A-Z to equip you with all the practical information you will need.

Savoring Gotham Aug 09 2021 When it comes to food, there has never been another city quite like New York. The Big Apple--a telling nickname--is the city of 50,000 eateries, of fish wriggling in Chinatown baskets, huge pastrami sandwiches on rye, fizzy egg creams, and frosted black and whites. It is home to possibly the densest concentration of ethnic and regional food establishments in the world, from German and Jewish delis to Greek diners, Brazilian steakhouses, Puerto Rican and Dominican bodegas, halal food carts, Irish pubs, Little Italy, and two Koreatowns (Flushing and Manhattan). This is the city where, if you choose to have Thai for dinner, you might also choose exactly which region of Thailand you wish to dine in. Savoring Gotham weaves the full tapestry of the city's rich gastronomy in nearly 570 accessible, informative A-to-Z entries. Written by nearly 180 of the most notable food experts--most of them New Yorkers--Savoring Gotham addresses the food, people, places, and institutions that have made New York cuisine so wildly diverse and immensely

appealing. Reach only a little ways back into the city's ever-changing culinary kaleidoscope and discover automats, the precursor to fast food restaurants, where diners in a hurry dropped nickels into slots to unlock their premade meal of choice. Or travel to the nineteenth century, when oysters cost a few cents and were pulled by the bucketful from the Hudson River. Back then the city was one of the major centers of sugar refining, and of brewing, too--48 breweries once existed in Brooklyn alone, accounting for roughly 10% of all the beer brewed in the United States. Travel further back still and learn of the Native Americans who arrived in the area 5,000 years before New York was New York, and who planted the maize, squash, and beans that European and other settlers to the New World embraced centuries later. Savoring Gotham covers New York's culinary history, but also some of the most recognizable restaurants, eateries, and culinary personalities today. And it delves into more esoteric culinary realities, such as urban farming, beekeeping, the Three Martini Lunch and the Power Lunch, and novels, movies, and paintings that memorably depict Gotham's foodscapes. From hot dog stands to haute cuisine, each borough is represented. A foreword by Brooklyn Brewery Brewmaster Garrett Oliver and an extensive bibliography round out this sweeping new collection.

Transforming Leaders Into Progress Makers

Oct 19 2019 Weaving together original research, novel strategies and tactics, and stories of successful leaders, this book provides insight into how to become a progress-making leader. Written by an academic and a business executive, the book provides actionable ideas grounded in sound research and tested in real organizations.

What We Feed Our Patients Jan 22 2020 Did you ever wonder how an entire hospital is fed all at once, or how the food actually gets to each patient? Have you ever wondered why hospital food has such a bad reputation? Have you ever heard of gourmet food served in a healthcare setting? *What We Feed Our Patients* offers a behind-the-scenes look at the world of hospital food. Chef Jim McGrody has worked the last twenty-seven years in the food service business. Now, his passion for good food has turned to the treatment of patient food. Follow his culinary

journey and relive his struggles, failures, and accomplishments in the quest for better food for hospital patients. Learn about the preparation of food served to the patients in hospitals and nursing homes. *What We Feed Our Patients* is a humorous depiction of what really goes on in hospital kitchens! You'll learn how patients can get what they want to eat, rather than simply eating what they are given. McGrody offers insight into who to talk to if there is a problem with the food being served and provides tips on what to say and do in those instances. It is possible for hospital food to be not just nutritious, but also tasty and exciting. Jim McGrody shares how in *What We Feed Our Patients*.

Dwell Feb 15 2022 At Dwell, we're staging a minor revolution. We think that it's possible to live in a house or apartment by a bold modern architect, to own furniture and products that are exceptionally well designed, and still be a regular human being. We think that good design is an integral part of real life. And that real life has been conspicuous by its absence in most design and architecture magazines.

The Oxford Companion to American Food and Drink Sep 10 2021 A panoramic history of the culinary traditions, culture, and evolution of American food and drink features nearly one thousand entries, essays, and articles on such topics as fast food, celebrity chefs, regional and ethnic cuisine, social and cultural food history, food science, and more, along with hundreds of photographs and lists of food museums, Web sites, festivals, and organizations.

Smart Casual Oct 23 2022 Explores the evolution of gourmet restaurant style in recent

decades, which has led to an increasing informality in restaurant design, and examines what these changes say about current attitudes toward taste.

Wolfgang Puck Makes It Healthy Jan 26 2023 Acclaimed chef and restaurateur Wolfgang Puck shares his classic recipes made healthy along with easy exercise moves to help readers lose weight and feel energetic. In *Wolfgang Puck Makes It Healthy*, Wolfgang Puck shares the food and fitness plan that helped him transform from being overweight and out of shape to fit and energetic. Now, he offers more than 100 health-conscious recipes, some modified classics from his earlier classics; others brand new. Readers will find flavorful food for every meal, including snacks and desserts, inspired by Mexican, Asian, Italian, Indian, and French cuisine. Puck will never tell readers that they can't enjoy a glass of wine or to cut out their favorite foods. Instead, he partnered with trainer Chad Waterbury and journalist Lou Schuler to outline an exercise solution. They've uncovered a plan for the fitness-phobic out there who want to be able to indulge a little: an adaptable 40 minute workout program focused on core stability, cardio fitness, and mobility that can be adapted to suit anyone's daily life.

Cooking with Shakespeare Jul 20 2022 Examines the food culture of Shakespeare's England and provides original and modernized versions of more than 180 period recipes.

The Perfect Ingredient Aug 29 2020

The SAGE Companion to the City Oct 11 2021 "This book pulls together an exceptional range of literature in addressing the complexity of contemporary patterns and processes of

urbanization. It offers a rich array of concepts and theories and is studded with fascinating examples that illustrate the changing nature of cities and urban life" - Paul Knox, Virginia Tech University "The SAGE Companion to the City is a tour-de-force of contemporary urban studies. At once a stocktake, showcase and springboard for scholarly approaches to cities and city life, the editors have assembled a cohesive and convincing set of lucid, insightful and critical essays of great quality. Eschewing grand theory and deadening encyclopaedism, the contributors refresh both longstanding concerns and explore new themes in ways both brilliantly accessible to newcomers and satisfying to the cognoscenti." - Robert Freestone, University of New South Wales Organized in four sections The SAGE Companion to the City provides a systematic A-Z to understanding the city that explains the interrelations between society, culture and economy. Histories: explores power, religion, science and technology, modernity, and the landscape of the city. Economies and Inequalities: explores work and leisure, globalisation, innovation, and the role of the state. Communities: explores migration and settlement, segregation and division, civility, housing and homelessness. Order and Disorder: explores politics and policy, planning and conflict, law and order, surveillance and terror. An accessible guide to all areas of urban studies, the text offers both a contemporary cutting edge reflection and measured historical and geographical reflection on urban studies. It will be essential reading for students of any discipline interested in the city as an object of study.

Agents and Ambient Intelligence Jun 19 2022 The concept of an intelligent agent - a computational system capable of performing certain tasks autonomously - derived from the growing potential of digital computers in the mid 20th century and had been widely adopted by the early 1990s. Partly in parallel with this concept, the perspective of ambient intelligence (AmI) emerged in the late 1990s. Agent technology and AmI have many similarities, and the main purpose of this book is to provide an overview of the state-of-the-art of the scientific area that integrates these two. The book addresses a wide variety of topics related to

agents and AmI, including theoretical, practical, design, implementation, ethical and philosophical issues. The 12 chapters are arranged in four sections. The first consists of three chapters discussing ethical and philosophical issues; the second part explores various approaches that can be used to develop agent-based AmI Systems; the third part contains three chapters that share the goal to endow AmI systems with useful properties like intelligence and adaptivity and the last section presents concrete applications of agent-based AmI systems. This book provides an insight into recent achievements and future challenges at the intersection of agent technology and ambient intelligence and will assist the development of more intelligent, flexible, effective and user-friendly systems as well as posing critical questions about the future of the role of agents within the AmI perspective.

Asian Hotel & Catering Times Apr 17 2022

The Green Foodprint May 18 2022 "Millions of citizens realize that their food choices can help or hurt the earth. They want to reduce their 'food footprint,' but with so many decisions to make (omnivore or vegetarian, organic or conventional, local or global), how is a busy person to navigate all the possibilities? The Green Foodprint: Food Choices for Healthy People and a Healthy Planet is a concise, easy-to-read, and practical guide through the new world of healthful food that is also easier on the environment. The book is packed with inspiring facts and stories about how readers can make a big difference with a few wise decisions.

Appealing to a wide range of readers and eaters, The Green Foodprint describes five memorable guidelines, and the many healthful, earth-friendly options available within each guideline. Against the background of a flawed industrial food system, the book highlights positive changes and the power of citizens to help themselves, and the earth, with their food choices. Likely audiences include people interested in sustainability, students and educators at all levels from middle school through university, health care providers, nutritionists, people concerned about their health, environmentalists, journalists, foodies, animal lovers, vegetarians, and parents of young

children."--Publisher description.

Inside the California Food Revolution Feb 21 2020 "In this authoritative and immensely readable insider's account, celebrated cookbook author and former chef Joyce Goldstein traces the development of California cuisine from its early years in the 1970s to the present, when farm-to-table, foraging, and fusion cuisine are part of the national vocabulary. Goldstein's interviews with almost two hundred chefs, purveyors, artisans, winemakers, and food writers bring to life an era when cooking was grounded in passion, bold innovation, and a dedication to "flavor first." The author shows how the counterculture movement in the West gave rise to a restaurant culture that was defined by open kitchens, women in leadership positions, and the presence of a surprising number of chefs and artisanal food producers who lacked formal training. California cuisine challenged the conventional kitchen hierarchy and dominance of French technique in fine dining, she explains, leading to a more egalitarian restaurant culture and informal food scene. In weaving the author's view of California food culture with profiles of those who played a part in its development—from Alice Waters to Bill Niman to Wolfgang Puck—*Inside the California Food Revolution* demonstrates that, in addition to access to fresh produce, the region also shared a distinctly Western culture of openness, creativity, and collaboration. Wonderfully detailed and engagingly written, this book elucidates as never before how the inspirations that emerged in California went on to transform the eating experience throughout the U.S. and the world. "--

Los Angeles Magazine May 26 2020 Los Angeles magazine is a regional magazine of national stature. Dwell Jun 26 2020

Life, Liberty and the Pursuit of Anything Jul 28 2020 I am not a writer or an author of novels or essays. It always discourages me to see so many authors or writers, some established, others just attempting to make a name for themselves every time I enter a bookstore and see thousands and thousands of titles of novels or books or whatever the writer thinks it is worth writing about. Some are new editions, others neatly arranged in that heap called bargain purchases. It immediately put a stop to my idea of putting what I think is a subject that must be indelible, of everyday events that people talk about after seeing it on TV or coming across it on a page of a local or national newspaper. Something like Charles Krauthammer's seminal essays in *Things That Matter*, Andy Rooney's astute observations in *Common Sense*, or the provocative articles in humorist Dave Barry's *I Am Not Making This Up*. But growing older in age and with the remaining future not so distant anymore, the impulse and the courage to tell anyone who is interested in what you have to say becomes compulsive as magma wanting to erupt from the bowels of the earth's core. That is why these essays compiled and culled from the files of what I have kept these years writing editorials in magazines, from applications to a graduate school I never finished and received a diploma, and from other sources the names I can't recall, from recent and contemporaneous events onerously repeated by pundits and so-called experts, became bound in a form you are holding today. The ideas may be past but still relevant. They might be current and dissecting them with the pros and cons of opinions providing the diversity we strive for. I do not claim originality in the subjects I write about. They might not be

original, but I have burnished them with a different patina the reader never thought of colorizing. The research of some of the data was done via websites, different articles read, speeches made, my notes and recollections, and some older versions of articles I have written in some newsmagazines. For privacy reasons, I have changed the names in one essay in particular, as I was not successful in communicating with the persons despite attempts at doing so. I have also, to the best of my ability, adhered to the fair use doctrine using some data or quotations in some of my essays. In any case, I hope it is while your time, effort, and your trip to the bookstore to come up and peruse what is in your hands.

Spy Feb 03 2021 Smart. Funny. Fearless. "It's pretty safe to say that Spy was the most influential magazine of the 1980s. It might have remade New York's cultural landscape; it definitely changed the whole tone of magazine journalism. It was cruel, brilliant, beautifully written and perfectly designed, and feared by all. There's no magazine I know of that's so continually referenced, held up as a benchmark, and whose demise is so lamented" --Dave Eggers. "It's a piece of garbage" --Donald Trump.

Comics through Time: A History of Icons, Idols, and Ideas [4 volumes] Jun 07 2021 Focusing especially on American comic books and graphic novels from the 1930s to the present, this massive four-volume work provides a colorful yet authoritative source on the entire history of the comics medium. • Provides historical context within individual entries that allows readers to grasp the significance of that entry as it relates to the broader history and evolution of comics • Includes coverage of international material to frame the subsets of American and British comics within a global context • Presents information that will appeal and be of use to general readers of comics and supply coverage detailed enough to be of significant value to scholars and teachers working in the field of comics
